PRF—Pasture, Rangeland, Forage

- Choose to insure only acres important to your grazing program or hay operation.
- Allocate a % of Value of your total insured acres-your total risk-for a given type, grid and share into 2 or more 3 month periods called Index Intervals.
- You may elect to insure graze land or hay land.
- Choose coverage levels of 70 - 90.
- Select Productivity Factor between 60 - 150 % of the County Base Value.
- Based on a 12 x 12 grid map and rain fall index.
- **SALES CLOSING DATE NOVEMBER 15TH: Deadline to sign up/cancel/make changes.**

WHEAT PRODUCTION REPORTS

Thank you for sending us your wheat production reports and proof of ledgers, but if you have not, please return your completed production forms back to us **AS SOON AS POSSIBLE**. We want to be able to file any production/revenue losses for you, to be worked ASAP. We will call you if we need a ledger sheet from your elevator(s) and for you to mark which unit each load came from. We only have 60 days from the harvest date to file these claims.

*** Wheat Harvest Price: Set at \$4.44 ***

Revenue Losses/Guaranteed Prices are based on the Board of Trade, not the price you get from the local elevator when you sell your wheat. Selling your wheat for more or less than the base or harvest price has no effect on your crop policy or claims.

CORN CHOPPIN' TIME?

Please try to notify us to appraise your corn acres if you will be chopping, as soon as possible. It is nice to have the adjustor come out when you open the field up, then you can clean up and chop the whole field. But if everyone waits to notify us, at that point it is impossible to get an adjustor to everyone at the same time!

*Corn chopped before an appraisal is made is considered destroyed without consent. Again, please call. We'll try to get an adjustor to you as quickly as possible and/or to tell you what size and how many strips to leave.

Newsletter by e-mail?

We have started emailing newsletters to some of our customers. If you are interested in receiving your newsletters by e-mail, please send your request to harriscropins@gmail.com

Notice of Loss Confirmation

Forms are mailed when you call us to file a claim. This is being done in compliance with policy requirements.

Thank You

We want to say thank you for the confidence and trust you have placed in us to handle your risk management needs.

LRP– Livestock Revenue Protection

LRP policy protects the insured against a decline in market price below the insured’s selected coverage price. This policy is available from 3:30 p.m. - 9 a.m. The subsidy levels have changed for LRP as well making them similar to a put.
