FSA CERTIFICATION...

Please double check your wheat Schedule of Insurance or use your crop ins. maps with your FSA Certification. We can apply to make changes to revise acres, if you are over 5% tolerance. Call us ASAP if something is not right.

TAX TIME

If you were paid a loss of \$600 or more you should have received a 1099. It's a good idea to keep your Summary of Loss check receipts. Be sure to count any premium withheld as an expense.

PLEASE MAKE SURE YOUR POLICY NAME & TAX ID MATCHES!

**THE NAME YOU REPORT TO FSA AND THE NAME
GRAIN IS HAULED UNDER INTO THE ELEVATOR
SHOULD ALSO BE THE SAME**

LIVESTOCK RISK PROTECTION

Better subsidy levels! Time to take a look at LRP!

We can only write these contracts between 3:30pm – 9:00am. Give us a call so we can help you limit your downside risk. Subsidies have increased making LRP more affordable. These contracts are cheaper than buying a put option.

We appreciate you allowing us to assist you with your risk management needs.

We thank you for your business. If you ever have any questions, contact Kevin, Rose, Nicole or Greg 785-479-5593 or 888-408-7487

REMINDER: DOUBLE CROP SOYBEANS

DOUBLE CROP SOYBEANS ARE INSURED IN SEVERAL COUNTIES. PLANT DATES FOLLOW YOUR FULL SEASON SOYBEAN PLANT DATES.

THIS DID NOT CHANGE.

2022 WHEAT SCHEDULE OF INSURANCE/PRODUCTION REPORT

You have already received your 1st Schedule of Insurance directly from our company – Rural Community Insurance. This form is primarily for informational purposes only.

The Schedule of Insurance is not a billing statement, although it does tell you how much your bill will be. A statement will come shortly after July 1st.

This Schedule of Insurance shows the number of acres, location, your share, plant date, amount of insurance you have, who else has a share, etc. **PLEASE take a little time to go over this form** (tenants and landlords, this is perhaps a time to communicate with each other). **Make sure this info is all correct.** The form you receive and the info on it (if you get more than one) is for the person or entity named in the box on the upper left side.

PLEASE double check your wheat Schedule of Insurance with your maps. We can apply to make revisions if you are over 5% tolerance on acres, which will be considered on a case by case basis. We can not make revisions after a notice of loss is filed or the adjustor is already looking at your FSA certification papers... Tolerance rule includes any change in liability, acreage, share and APH errors.

Call us immediately if something is not right!

Online Payments

You can now sign-up to securely view your bill online, receive notification when bills are available, and make a payment from electronic bill.

eBill Enrollment

RCIS policy holders can view their crop insurance bills online. The service is accessible 24/7, convenient & easy to use. Producers can click on “Make a Payment” through RCIS.com. Payments are by bank draft only.

CATTLE GRAZING WHEAT...SHORT RATE

A reduced premium is available for small grains (wheat, barley, oats) listed on the acreage report that is intentionally destroyed prior to harvest. A revised acreage report must be completed by March 15th.

Those acres are to be destroyed and not harvested. **If you do intend to harvest grazed acres, cattle must be pulled off before the wheat reaches the joint stage.**
